Hospital—The special Committee on the Methodist Hospital made its report, which was adopted as follows, after an address by H. M. Ellis:

REPORT OF THE HOSPITAL COMMITTEE.

To the Bishop and Members of the North Mississippi Conference:

Dear Brethren—We note with great pleasure the substantial gains of the Methodist Hospital cause during the past hard year. Our Field

Secretary, Rev. H. M. Ellis, has succeeded in adding \$59,000.00 in cash and subscriptions to what was reported at our last Conference, thus bringing the grand total to more than \$150,000.00. Other pledges not yet in notes, but thought perfectly good, amount to fully \$30,000.00.

The purchase of the splendid property on Lamar Boulevard, embracing about four city blocks, and having thereon a massive brick and stone residence (built at a cost of \$75,000.00; and in perfect repair) which can be used in our work for the accommodation of some forty patients, is a matter over which we greatly rejoice, and for which our Commissioners deserve special commendation.

We are assured that a wise expenditure of \$30,000.00 in alterations, additions and the installation of an elevator will enable us to open a thoroughly modern hospital with capacity for seventy-five or eighty patients. The increasingly urgent need and the present condition of our work demand that this be done as soon as possible.

That our Conference may promptly raise its share of this needed amount, we offer the following resolutions, which we hope will have the hearty approval and earnest co-operation of every member of the Conference:

Resolved, That we set apart and observe as Hospital Day of the North Mississippi Conference Sunday, January 24, 1915, and on circuits each succeeding Sunday till each congregation on the charge has had its Hospital Day.

Resolved further, That we hereby request and urge each Sunday School within our bounds on that day to make an offering to our Methodist Hospital, varying in amount from \$5.00, at least, to \$100.00, according to its ability; and that each church on each pastoral charge in the Conference is hereby requested and urged to also make an offering to the Methodist Hospital of \$10.00, at least, to \$250.00, as it may be able, these offerings to be paid in cash as soon after January 24, 1915, as possible.

Resolved again, That the Field Secretary is hereby asked to send a suitable statement of the need of the work and a copy of this action of our Conference as a reminder to each pastor and Sunday School superintendent within our bounds, and that each of our presiding elders is hereby asked to send to each pastor and superintendent a request to comply with these resolutions.

We bid the Field Secretary welcome to our field and churches to take collections for this important work, and will do all we can to hasten the day when our Methodism shall share in a worthy way in Christly ministration to human ills, and thus find added opportunity of winning souls to our Lord. We trust that no pastor or superintendent will fall short of his very best.

We recommend the election of Rev. W. S. Lagrone, Rev. J. W. Dorman, J. H. Sherard, J. R. Bingham, and J. D. Barbee as Hospital Commissioners from the North Mississippi Conference for the coming year.

Respectfully submitted,

E. V. HUGHSTON,
J. E. CUNNINGHAM,
J. M. WYATT.

Sunday Schools—The Sunday School Board made report No. 1, which was read and adopted as follows:

SUNDAY SCHOOL REPORT No. 1.

The Board rejoices in the success that has crowned the work of the year. The report of the Field Secretary shows that he has been diligent and faithful. We have much to encourage and inspire us to larger hopes and greater endeavors. We note an appreciable increase in the observance of Children's Day and we ask that this day be observed in all charges the coming year.

The Board unanimously and respectfully request that Rev. V. C. Curtis be reappointed Field Secretary at the same salary as last year, \$1,800.00 and expenses, and that the same assessment of \$2,400.00 be levied by this Conference and that this assessment be regarded as obligatory as the other assessments, but we request that it be raised by the Sunday Schools.

We approve the suggestion of our Field Secretary that District Secretaries be appointed where suitable persons can be found to give their time without cost to the Board, provided their appointment be approved by the Executive Committee.

(Signed) O. W. BRADLEY, Secy.

Orphans' Home—The Directors of the Mississippi Methodist Orphans' Home made a report which was read and adopted after an address by the manager, Rev. W. M. Williams. D. W. Babb and Rowan Thayer were elected Directors.

ORPHANS' HOME.

It is with the greatest gratitude to the loving Father of all that we bring you this report of the affairs of our Orphans' Home.

This has been one of the most peaceful, prosperous and satisfactory years the Home has ever enjoyed. Our faithful manager, Rev. W. M. Williams, reports that the work of the Home in general has made greater progress, the children have developed more satisfactorily, and the school has been more thorough than in any year of his administration. There has not been a death or even a case of serious sickness in the Home during the year.

The Home now owns and operates a magnificent farm of 200 acres where our boys can be taught agriculture and country life. This is all enclosed in a good, hog-wire fence, with two cross fences of the same kind. A comfortable two story, ten-room dwelling, lighted with acetylene gas, and good and commodious barns have been erected on the farm. There are six good mules, one horse, plenty of farm implements, thirty-one head of cattle and fifteen hogs now on the place. Though the house, barns, and fences all had to be built this year, over thirteen hundred dollars worth of feed stuff has been raised.

There is a public school at the farm, taught by Miss Smith, an

excellent young lady, which our boys attend. Brother Williams believes that the farm has been a great inspiration and help to the boys.

To all the good people who have helped sustain this Christly benevolence that furnishes home and training for those who would otherwise be without them, we express our sincerest thanks and pray for them our Father's blessing. And we earnestly ask that in this time of financial stress the cause of the orphans be not forgotten. We request also that each presiding elder appoint a District Agent to co-operate with the Manager of the Home.

The term of office as directors of D. W. Babb and R. T. Jones expires with this session of your Conference and we respectfully ask that you elect to fill the vacancies.

The time was extended and after considerable debate the motion to locate was lost. He then asked for himself location and this relation was granted him. J. R. Wilson also asked to be located and his request was granted, these two furnishing further answer to Question 18: Who are located this year?

Address—Mrs. T. W. Woodward in well chosen words brought to the Conference greetings from the Woman's Missionary Society, reporting their work both at home and abroad.

The Bishop called Question 7: Who are received from other churches as local preachers?

Orders Recognized—Rev. J. L. Foster, formerly an elder in the Missionary Baptist Church, having united with the Methodist Episcopal Church, South, and having certified his agreement with its doctrines and discipline and having been properly recommended for recognition of his orders by the Aberdeen district conference, was by vote of the Conference recognized as an elder, and authorized to exercise the functions of the same.

Traveling Preachers—Who are received from other churches as traveling preachers? There were no applications.

Lay Leader—The Bishop called Question 51: Who is elected Conference Lay Leader, and what is the report from the Committee on Lay Activities? E. V. Hughston was elected Lay Leader and the Committee on Lay Activities presented the following report which was adopted:

LAY ACTIVITIES.

Your Conference leader of the laymen's movement begs permission to report in accordance with the requirement of the General Conference held last May in Oklahoma City and reports the following list of District Lay Leaders as reported elected at the past District Conference by your Presiding Elders:

District.	Lay Leader.	Postoffice.
Aberdeen.....	G. J. Leftwich.....	Aberdeen, Miss.
Columbus.....	W. H. Carter.....	Columbus, Miss.

Corinth.....	F. E. Ray.....	Walnut, Miss.
Durant.....	J. Lem Seawright.....	Ackerman, Miss.
Greenville.....	J. R. Brinston.....	Cleveland, Miss.
Holly Springs.....	M. G. Dubard.....	Bew Springs, Miss.
Sardis.....	J. W. Locke.....	Hernando, Miss.
Winona.....	Parham Williams.....	Drew, Miss.

I am pleased to report that the District Lay Leaders desire to work in connection and in harmony with the Presiding Elders in their respective districts, giving assistance wherever they can to the best interests of the entire Conference. I have been requested to ask this Conference to express itself on the duties and obligations of the District Lay Leaders and how it may wish the work to be performed in co-operation with the Presiding Elders. It appears that there are quite a number of the churches throughout the Conference that failed to elect their church leaders. We urge upon the pastors to be diligent in having their congregations to elect church leaders and to appoint the committees required by the discipline; in other words, to fully organize the laymen of each congregation. We find from several reports sent in by the District Lay Leaders and Presiding Elders that there are only about twenty churches in the Conference which have active missionary committees, and of this number, only six or eight have made an every member canvass and a similar number are using the duplex envelope or form of envelope for raising benevolences.

I find that there has been very little done towards developing the laymen's movement in this Conference and I feel that it is not due altogether from the desire of the laymen, but rather from their inexperience and lack of knowledge as to what can be done. They are standing around idle because no one, so far as they know, has told them to go into the vineyard and work. We therefore ask the Presiding Elders and the pastors throughout the Conference to lend a helping hand for the purpose of organizing this vast force of men so that they may be prepared to enter the conflict and be a power in the fight against evil. We ask the Presiding Elders to set apart a day or a part of a day during their District conferences for discussing the work and getting within the purview of the District Committee on Laymen's Activities and that they plan with those committees, consisting of the district and charge leaders, for a district wide campaign to secure assessments in full; or have a district wide revival. But above all the laymen desire to appeal to the pastors. We realize that for the most part, our work is in the local church where the preacher in charge is supreme. We feel that without organization and united effort, we can do little, but that, as an organized army under the leadership of the pastors, we can march to certain victory. As stated by our executive committee, we as laymen say to the pastors of this Conference, "Here we are, a great potential power and gigantic force, perhaps more than half asleep, not very well informed, but we love and honor you and most of all, we love the Christ you serve. We want to serve with you; therefore, take us; teach us; organize and train us, then lead us out to worthy service and loving ministry, we promise you such achievement as hitherto you have not dreamed of."

This Board has planned to have during the early part of this Conference year an every member canvass throughout the Conference. We therefore ask you to give us your assistance and your encouragement; prepare your committees for the purpose of making

this canvass nad we ask the prayers of this body to guide us in our work and give us the right wisdom necessary to carry it on.

We beg to remain yours in the work,

E. V. HUGHSTON, Conference Leader.

Addresses—Dr. J. M. Sullivan of Millsaps College made a brief address in behalf of the fund for furnishing the new main building at that institution and took a collection for the same. Dr. Stonewall Anderson spoke in the interest of the work of the General Board of Education.

Minutes Approved—The minutes of the two sessions of Saturday were severally read and approved.

Bishop Waterhouse appeared and took the chair.

Missions—The Board of Missions read its report, which was adopted as follows:

MISSIONS.

We note, with pleasure, that some progress has been made this year by our Church and by our Conference in the one great work of

the Church, that of missions; both in the home and foreign fields, "The Prince of Peace" has won, through the work of our boards and missionaries, many great victories. Strongholds of ignorance and superstition have been taken, and bulwarks of heathenism have fallen before the well-directed blows of His soldiers. Their weapons of faith and hope, and love, and sympathy, and kindness, and gentleness, have again and again put the enemy to flight, and have captured thousands for the Lord. And these victories which have been won for him have not been accompanied by cries of agony, by groans, and sighs, and tears, and heart-aches, as victories on some other battlefields, but by shouts of joy and gladness. They have been bloodless victories over the world, the flesh and the devil, and such victories will continue to be won till all shall know and serve Jesus Christ; till the knowledge of the Lord shall cover the earth, as the waters cover the sea. May we ever keep in mind the fact that Jesus Christ has set all his affections upon the salvation of the whole world, and that nothing less than this can satisfy the yearnings of that great, loving heart.

That our Church may be able to do her part in helping to bring in this glad era, the General Board of Missions has assessed the forty-nine Annual Conferences the sum of \$500,000.00 for foreign missions. Of this amount \$14,150.00 has been assessed our Conference, which is an increase of some \$1,650.00 over last year. The assessment for home missions by the General Board is \$100,000.00. Our part of which is \$4,528.00, which is also an increase of some \$600.00 over last year. That your Board of Missions might be able to keep the ratio we have maintained between home and conference missions, we have raised the assessment for conference missions some \$1,200.00. This makes a total increase on our Conference of \$3,479.00. This is approximately a 6 cents increase per church member in the Conference.

Now it is vastly important that these assessments be paid in full. Unless this be done, we cannot hope for any advance in the work of missions. Dr. Rawlings of the General Board said in his address before our Board that unless the General Board could collect more money than heretofore, the number of missionaries could not be increased; not only this, but without more money, the Board would have to call home some already in the field. By his request, we have incorporated in this report the following:

1. Full payment.
2. Specials.
3. Missionary policy in the Sunday Schools.
4. Every member canvass.
5. Early collections and prompt remittances.
6. Evangelism.

We heartily recommend the inauguration of this program in all the charges. We would also state that your Board begins this year with an empty treasury. Hence, the payment of the appropriations for the first quarter will depend wholly upon early collections. We, therefore, urge the preachers to do their best to raise their collections for these claims as early in the year as possible. We recommend the appointment of Rev. J. T. Lewis as Conference Missionary Secretary.

Spiritual Interests—The Committee on Spiritual Interests made the following report which was read and adopted:

SPIRITUAL INTERESTS.

Your committee finds the reports of the pastors to this Conference very encouraging. They report 2,815 conversions and 5,389, total number who have joined the Church during the year.

This is evidence that we are still an evangelistic Church. That our gospel is still the power of God to the salvation of those who believe it and accept it. We rejoice that the fire still burns on our altars and that the cries of the penitent, and the shouts of new-born souls are still heard in our services. We rejoice, too, that the new converts are being trained to holy living and works of righteousness in the Sunday School and Epworth Leagues.

With missionary societies, prayer meetings and the various institutions of the Church, we believe there are more helps to works of righteousness than ever, but we regret that the temptation to neglect our Christian duty and privileges is greater than ever. Wealth and social preferments and engagements have made possible forms of worldliness that we never had before. Social functions, wine suppers, card parties, and the dance are driving our young people and our women as well as our men into practices that are very hurtful to piety, and Christian usefulness. Also moving picture shows and automobile and "jolly rides," are distracting and take precious time that should be used in meditation and prayer.

Materialism and commercialism under the guise of business are engaging our noble men until it has become the general custom for them to claim this as a valid excuse for neglecting, not only their public church duties and privileges, but also their private religion, reading the Bible and prayer. Let us as pastors, try by our preaching, praying, pastoral visiting and persuasion, to restore the family altars, and to revive the prayer meeting to its old time place so that all the Church will meet to sing and pray together.

We have had before us a communication from our army and navy chaplains through Rev. J. A. Randolph, in which are recited some facts which we think it well to note. The United States army has 80,000 officers and men in the regular army, 62,000 officers and men in the navy and marine corps and 100,000 men in the National Guard, 242,000 in all, able bodied men of good minds and in a large measure strong morally and religiously, if properly cared for, but in spite of the fact that there has been considerable improvement lately, it is not near what it should be. The number of chaplains for all the army is only 89; 27 of these are Roman Catholics, 13 Protestant-Episcopalians, 7 Presbyterians, 6 Methodist-Episcopal, 5 Baptist, 3 M. E. Church South—2 of these from our own Conference—the others from various denominations.

We regret that so large a per cent of these are Roman Catholics. We realize that the spiritual life of the church is the power that moves all the working machinery of the church and puts the soul in touch with the Divine power when the Spirit himself beareth witness with our spirits that we are the children of God. He is the Comforter that is sent into the world to reprove the world of sin, of righteousness and of the judgment to come.

C. Edmondson, W. A. Clark, S. M. Thames, G. W. Bachman.

Collection—Bishop Waterhouse took a collection for the benefit of Rev. S. M. Thames and the sum of \$142.25 was realized.

Oxford Church—The following memorial was presented and adopted after favorable discussion:

MEMORIAL.

Whereas, Oxford Station, Holly Springs District, North Mississippi Conference, has since 1848 been caring for the spiritual welfare of the Methodist students attending the University of Mississippi from all parts of the State; and whereas the present church building is entirely inadequate for the work to be done, being small and antiquated, necessitating the procuring of quarters elsewhere for two large classes in the Sunday School; and whereas the membership of this church will be unable without outside assistance to erect a modern Sunday School annex and put such repairs on the old building as will make it adequate to the needs of the congregation; and whereas the University of Mississippi has now the largest attendance in its history, having about two hundred Methodist students needing the care of our Church. The four other churches in Oxford have splendid auditoriums and ample Sunday School room for the work they are set to do, two of them having splendid modern Sunday School annexes and growing congregations; therefore, we, the members of the Fourth Quarterly Conference, Oxford Station, North Mississippi Annual Conference, do memorialize the two annual Conferences in the State to authorize the submission of this situation at Oxford to the Methodists throughout the State and to commend the same to their favorable consideration.

Resolved further, That upon a given Sunday to be agreed upon later by the Presiding Elder of the Holly Springs District and the pastor at Oxford, this call of the University church be presented by all our pastors and contributions therefor received.

It is agreed further that this call shall not be issued until the Oxford congregation has done its utmost towards raising the funds for the better equipment of our church, so imperative at this very hour.

Books and Periodicals—The Committee on Books and Periodicals made the following report which was read and adopted:

BOOKS AND PERIODICALS.

The continued prosperity of our Publishing House is a matter of great satisfaction to us, and the Church is to be congratulated that this great interest is in such capable hands as those of Messrs. Smith & Lamar.

In the Christian Advocate, which is so ably edited by Dr. T. N.

Ivey, the Church has a most satisfactory newspaper and it should be in the homes of all our people.

The Epworth Era, under Dr. F. S. Parker's direction, seems to be meeting the needs of that department of the Church's activities and we commend this publication to those for whom it is specially prepared.

Too much could scarcely be said in commendation of the Sunday School literature which Dr. E. B. Chappell is preparing for our denomination. To say that it is the equal of any published anywhere is but to utter a truism, and we think that in many respects it is the superior of all others. These publications bear the impress of Dr. Chappell's great ability on every page, and are entirely worthy of their ever-widening circulation.

The Methodist Review, edited by Dr. Gross Alexander, who is an accomplished scholar, is a most interesting and entertaining magazine and is enjoying an unusually large circulation for a periodical of that character. Candor compels us to say, however, that this journal is, in our opinion, justly open to criticism because of the extent to which men who are loose in their theology are allowed to set forth in its pages views which are in conflict with our Methodist standards and the long-cherished teachings of evangelical Christianity, without their contentions being directly controverted by any one. In this day when there is so much skepticism within the churches, and so many people are straying from the old paths, we believe that our Review should be a sound exponent and aggressive champion of orthodox Christianity, and that this should be the general attitude of the men who are invited to become contributors to its pages; otherwise we fear that it may exercise a wide-reaching influence for harm. This need not at all limit the scope of the Review; it would only change the spirit and have the discussions of the various cults, isms, philosophies, and theories conducted by persons who are firmly anchored in the true faith and who are set for its defense, instead of by those who are theologically adrift and going they know not whither. We consider this matter as of very great importance, as this journal is now in the course of study for our young preachers; and because of this fact, we feel moved to thus express our views clearly and emphatically concerning this influential publication, which we hope to see go forward to yet larger things and a nobler service.

It affords us the keenest pleasure to again commend with all the force at our command the New Orleans Christian Advocate. The editorial policy of its accomplished editor, Dr. R. A. Meek, and his brilliant defense of the Church from attack from all quarters and advocacy of her highest welfare have attracted attention in every part of the Church's widely extended domain; and today the New Orleans Advocate is regarded as one of the most influential and authoritative journals in Southern Methodism. We commend this truly great publication to our people everywhere and urge our preachers to busy themselves in these times of stringency to maintain and advance its subscription list.

We nominate for members of the Publishing Committee of the New Orleans Christian Advocate W. W. Woollard, H. S. Spragins and J. D. Barbee, and also appoint them as commissioners to cooperate with the Book Committee in rearranging the territory of our Church papers.

The report of our faithful colporter, Brother G. W. Bachman, shows that, notwithstanding the physical limitations under which he has suffered during the past year, he has wrought well. We

commend him for his work's sake and to the hearts of all our Methodist people.

T. H. LIPSCOMB, Chairman,
J. D. BARBEE.

Book Editor—On motion, the Secretary was instructed to send to Dr. Gross Alexander, Editor of the Methodist Review, a copy of that portion of the above report criticising his policy.

Education—The Board of Education made the following report which was adopted after reading:

EDUCATION.

Since the report of the Board of Education to this body a year ago momentous changes have taken place in our general educational situation. Last March the Supreme Court of Tennessee handed down its decision in the Vanderbilt University case, reversing the Vanderbilt Commission of 1906 and the opinion of Judge Allison, of the Chancery Court of Davidson County, on practically every important point. It declared that the Church did not found Vanderbilt University, had never owned or legally patronized it, and discredited and left inoperative supervisory rights that the College of Bishops had been thought to have under the provisions of the charter and which Bishop McTyeire in his dying message exhorted them to exercise. Nothing was left the Church except a qualified right to confirm the trustees, who were pronounced to be a self-perpetuating and independent body; and that right of confirmation was not anchored in the charter, but was based upon a mere contractual relation and its continuance was made contingent upon the Church's not acting "contumaciously" in exercising it.

When the General Conference met last May, a special committee of fifteen was ordered, to which all matters pertaining to Vanderbilt University were referred, with instructions to consider carefully all the interests involved and to recommend a course of action for the Church. A large amount of time was devoted to the discussion of this matter both by the members of the Special Committee and the General Conference, which finally resulted in the creation of an Educational Commission composed of sixteen members—four Bishops, eight ministers other than Bishops, and eight laymen. This commission was instructed to reconvey to the eight original Conferences all rights and powers which they formerly ceded to the General Conference and these Conferences were requested to select one commissioner each to co-operate with the General Commission in effecting this reconveyance; and the recommendation was also made to them that "they assert, by proper legal proceedings, their right to the ownership and control of said University guaranteed to them by the charter and as its establishers and founders," and the General Board of Education was ordered to pay the expenses of any litigation that might follow looking to the accomplishment of this end. The right to confirm the trustees of the University was left vested in the General Board of Education until the aforementioned transfer of the rights held in the General Conference back to the former patronizing Conferences could be completed. The Educational Commission was, furthermore, instructed to proceed as rapidly as possible to establish two institutions of the grade of a university in the Church, one east, and the other west of the Mississippi River.

Following this action of the General Conference, the Vanderbilt

Board of Trust met in Nashville in June, 1914, and by formal resolution declared that the recent General Conference, in the action taken, had refused to co-operate with Vanderbilt University, and thereby had terminated any and all right of confirmation under the decree of the Court or otherwise; that that right henceforth could not be exercised by the General Conference or any of its agencies, and that the Board itself would proceed to constitute the trustees independently of the Church, which it has since been doing in an open and avowed manner, as it had been doing quietly for several years before, as is evidenced by the fact that when the Board of Education met last spring, before the assembling of the General Conference, though there were about sixteen unconfirmed trustees on it, not a single name was submitted for confirmation. It is also worthy of note that in the meeting of the Vanderbilt Board of Trust last June resolutions looking to the establishment of a connectional relation with the eight original patronizing Annual Conferences, signed by Messrs. Chappell, Millsaps, Pepper, and White, were introduced and they did not receive enough attention even to bring them to a vote.

In view of the foregoing history, your Board of Education would call attention to the fact that there is now no legal relation of any kind whatever between the Church and Vanderbilt University that is in operation, or that is recognized by the Board of Trust of that institution. The Church has not the least connection with any part of the university except that some of her ministers have been appointed to professorships in it—a relation that does not differ from that which she sustains to many state and private institutions that are hers in no sense whatever. We are moved also to express the conviction that the atmosphere of Vanderbilt, as it relates to the Methodist Episcopal Church, South, is not at this time a proper one in which to train our young people, and especially our ministers and missionaries, and under the present regime we see no hope of it becoming otherwise.

Your Board has had before it the following communication sent by our Educational Commission to the North Mississippi Conference and referred to us:

Dear Brethren:

The Educational Commission, constituted by the General Conference, adopted the following resolution:

"Resolved, That a committee of three be appointed for the purpose of notifying the 'Patronizing Conferences' that the Commission is ready to take up with the commissioners to be chosen by said Conferences, under the resolutions of the General Conference, the consideration of the question of the transfer of the rights and interests of the General Conference in Vanderbilt University to the said 'Patronizing Conferences.'"

Under this resolution, the undersigned were appointed the sub-committee of three, and, as such, we respectfully lay before your honorable body the foregoing resolution, and we beg to suggest that you take such action in the premises as your own wisdom shall dictate.

Respectfully and fraternally yours,

(Signed) W. B. MURRAH,
G. T. FITZHUGH,
W. G. M. THOMAS,
Sub-Committee.

After a careful consideration of this communication, your Board of Education recommends the following action:

Resolved (1), That the North Mississippi Annual Conference hereby expresses its full approval of the plan instituted by the last General Conference, held in Oklahoma City, to transfer the rights of the Church, held in the General Conference, back to the eight original patronizing Conferences and declares its willingness to accept the return of the rights in that institution which it ceded to the General Conference in 1898.

Resolved (2), That Dr. R. A. Meek is hereby named as our commissioner to co-operate with the Educational Commission in effecting the said transfer, and that he is hereby instructed not to accept any relation to the University that does not give it a potent and legally indestructible part in the management of its affairs, or any connection with any one of its departments different from that which the Conference sustains to the whole institution.

In this connection, your Board of Education also recommends the adoption of the following affirmations:

1. Without intending to reflect upon the Supreme Court of Tennessee, we record it as our positive conviction that its decision in this case is not a proper interpretation of the facts of history relating to the establishment of Vanderbilt University, or of the equities involved, and that we endorse the sentiment expressed by the late General Conference that "the Court's reference to the possibility of contumacy upon the part of the Church was a needless and gratuitous reflection."

2. Even if the present independent status of the Vanderbilt Board of Trust shall finally be maintained in the courts, it is our conviction that there is a moral obligation upon the trustees of that institution to turn over to the Church all property and all funds placed in its custody by Methodist people, under the impression that it was a Methodist institution.

3. That no action taken or statement made by this Conference is to be construed as in any sense waiving or surrendering any right or equity that it, or the Church, may have in Vanderbilt University. On the contrary, it is our purpose to seek to assert these rights, in accordance with the suggestions of the General Conference, to the utmost possible limit, proceeding, of course, as our counsel may advise.

Our New Universities.

The progress made by our Educational Commission toward the establishment of two new universities in the Church has been highly gratifying. That within less than two months after the adjournment of the General Conference, it was able to locate in Atlanta, the most progressive city in the South, our Eastern University with a cash endowment of more than \$1,500,000.00, and with resources amounting to between \$2,000,000.00 and \$3,000,000.00, is an achievement without parallel in the educational history of the Southern States. We have been particularly rejoiced at the setting aside of \$500,000.00 as an endowment for the Theological School of this University, which, together with the \$15,000.00 assessment now carried for it by the Church, gives it resources equivalent to an endowment of \$800,000.00. This school opened in the magnificent Wesley Memorial Building of Atlanta last September with more than forty students and that number has grown to sixty-five, and is yet increasing. This record is a most remarkable one and may be accepted as a prophecy of large things for the future. The faculty

of this school is a very able one, being made up of men who have had the best scholastic opportunities and nearly all of whom have had experience in the pastorate and have proven themselves to be effective therein. We heartily commend this school to our young ministers as in every way worthy of their patronage and we most heartily urge all of them who can, to attend it and take advantage of its comprehensive courses of study. In proportion to population, Atlanta is perhaps the most pronouncedly Methodist city in the United States, and possibly in all the world, and the conditions obtaining there are highly favorable for training and giving type to the men who are to fill our pulpits in the coming years. Emory College is to be the academic department of our new University, and there is scarcely a better college anywhere in the South.

We offer for adoption the following additional resolutions:

Resolved, 1. We hereby express to Mr. Asa Candler of Atlanta, Ga., our heartfelt thanks for his magnificent gift of \$1,000,000.00, made in so modest and Christian a manner, and to the citizens of Atlanta for their generous donations to it of more than \$500,000.00.

2. The election of Bishop Candler to the chancellorship of this new institution has specially pleased us, and we regard his connection with it as a guarantee that its foundations will be wisely laid and that it will be kept true to the noblest Christian ideals and the best traditions of Southern Methodism.

3. We urge our leaders to press the work of raising funds for this University with the utmost dispatch and the greatest possible vigor, and we pledge them our hearty co-operation in the execution of this great task.

We are pleased to know that substantial and steady progress is being made in equipping and endowing the Southern Methodist University at Dallas, Texas, and that this institution will open next September. The fact that the work of selecting the faculty of the Theological School has been largely placed in the hands of Bishop Mouzon is reassuring, and we hope to see its work of instruction committed to a body of men who will give it high rank and make far-reaching its influence for good.

With these two great universities so well advanced in the process of formation, and with our many other excellent schools and colleges at work and constantly growing, the educational outlook in Southern Methodism was never before so bright as it is today. There is every reason to believe that the Lord is leading us, and what by his help we have already achieved, furnishes abundant reason for us "to thank God and take courage."

We recommend the appointment of J. D. Wroten, Olin Ray, and J. M. Guinn as students at our new Theological Seminary at Atlanta.

Concerning the educational interests under the special care of our own Conference we are pleased to report that both at Grenada and Millsaps Colleges enlarged and improved facilities have been provided during the year for the work of these institutions; and that while suffering, as are all our schools, from the financial stringency occasioned by the war in Europe, they have entered upon the new year with encouraging outlook. Millsaps College reports indeed a larger enrollment already in its collegiate department than during the entire session just passed.

In view of the pressing need of funds by Grenada College at this time, your Board recommends that Sunday, the 10th day of January next, be observed in every charge in our Conference as Grenada

College day; that the crying need of the institution at this time be everywhere presented; and collections taken in every congregation and forwarded at once to the authorities of that college.

The need of Millsaps College for funds for the equipment of the elegant new administration building we would also commend to the consideration of the Conference; and hearty co-operation is urged with the authorities of that institution as they are hereby invited to travel within our bounds and take collections in behalf of this worthy enterprise.

We recommend further that President J. R. Countiss be authorized, throughout the year as need be, to present the needs of Grenada College in our pulpits, with collections in its behalf; and the Board of Trustees of that institution is hereby granted permission to employ a special agent if deemed advisable.

We would commend to our undergraduates the Correspondence School of our Church, now located at Atlanta, and urge upon them the value and importance of taking their courses of study under its supervision. As a possible solution of the vexed problem of harmonizing the demands of the new discipline with the activities of that institution without duplicating the examinations of those taking courses therein we would suggest to the Committee on Ministerial Supply and Training of the General Board the papers of the young men be referred, as received throughout the year, to the several committees of the several Conferences for examination and grading; thus keeping the young men in closer touch with their instructors, and obviating the necessity of the inquiry which will otherwise be demanded preceding the Conference session.

We commend to the study and consideration of the new Board of Education the movement in the direction of the Church's supplying religious instruction in the several grades of our public schools, receiving credit therefor in the course of study.

The appointment of L. M. Lipscomb and J. D. Barbee is requested as a committee to consider and report on the question as to what more can be done by the Church for the educational and religious advancement of the negro race.

Your Board requests further, that the General Board, in classifying our Conference schools, give to them the classification to which the facts show them to be entitled at the time the classification is made.

Your Board endorses the suggestion of the General Secretary of Education to the effect that a conference of Annual Conference Secretaries of Education be held in the early part of the quadrennium, and nominates Rev. T. H. Lipscomb as Conference Secretary of Education for the North Mississippi Conference. He is designated also as a committee of one to assist the General Secretary in securing the needed data for the classification of our schools.

Your Board recognizes the importance of strengthening the religious influences in our state institutions, as well as the importance of jealously guarding the religious atmosphere of our Church schools; but it is its judgment that this can best be accomplished in our state institutions through the local church by special interest in the welfare of the students. Your Board would urge also upon the authorities of our Church colleges that all questionable irregularities should be strictly prohibited in our Christian institutions.

The need of a chair of religious education in Millsaps College we would again urge, in harmony with the recommendation of our new Commission on Education.

The following your Board nominates to serve as Trustees of Millsaps College, filling vacancies and terms expired: W. W. Magruder, Judge T. L. Lamb, W. W. Woollard, J. D. Barbee, and S. M. Thames.

An executive committee, consisting of J. D. Barbee, J. C. Park, and L. M. Lipscomb is herewith announced. The reappointment of J. R. Countiss as President of Grenada College is requested.

R. A. MEEK, President.

T. H. LIPSCOMB, Secretary.

Publication Requested—On motion, the Conference requested the Editor of the New Orleans Christian Advocate to publish the above report on education, or such a part as he may elect.

Epworth Leagues—The Epworth League Board made the following report which was adopted after its reading:

EPWORTH LEAGUES.

We are glad to report that the Epworth League work in our Conference is in the best condition for years. Our numbers are not large, but the work being done is more definite and more substantial than heretofore.

A most helpful League Conference was held at Columbus last June. During the summer a successful Chautauqua was conducted at Sea Shore Camp Ground. In July a great International League Conference was held in Buffalo, N. Y.

The Church is to be congratulated on the action of the last Gen-

eral Conference in its legislation for fuller recognition of the League and its work. We have now a new constitution, a better financial system and increased facilities in the Central Office.

The General Conference established for our boys and girls in the adolescent age two societies, viz.: the Knights of Ezelah and the Girls of Epworth. These are designed to supplement the work of the Sunday School and to supply the machinery for the work done in some places by the Boy Scouts and the Camp Fire Girls. The General Board of Missions has committed to the Epworth Leagues the support of our new Congo mission. The subscriptions for this year have amounted to \$12,000.00, our own Conference taking a fair part in this and appointing a committee to collect it.

We insist that League Institutes be held in every district where they may be found practicable.

We call attention to the Epworth Era, our young people's magazine. Nothing better is to be had. It contains matter relating to the League and also much of value in a general way both to young and old. It is clean, wholesome and helpful, reasonable in price, and worthy of a place with the best in America.

We emphasize the importance of observing the appointed League Anniversary in May. The "Win One" campaign deserves especial mention. We insist that both pastors and young people attend the League Conference to be held in Grenada next April.

Temperance—The Committee on Temperance made the following report which was read and adopted:

TEMPERANCE.

We record our thanks to Almighty God for the place our state has taken in the forefront of those which have outlawed the liquor traffic. We are also grateful to note the marked decrease in the sale and use of all intoxicants. We are grateful for every advance in legislation against this gigantic evil and for the improvement in the enforcement of prohibition laws.

Perhaps no agencies have done more to arouse public sentiment for the making and execution of these laws than the Anti-Saloon League and the Woman's Christian Temperance Union. Stimulated by these helpful agencies, encouraged by the diligence of officers in ferreting out and punishing violators of the law, we are sure that all the interests of our country will soon see the dawn of a brighter day.

It is a matter for profound thanksgiving that six sovereign states have recently swung into the prohibition column, viz.: West Virginia, Virginia, Colorado, Oregon, Washington, and Montana. We also note with pleasure that several of the warring nations of Europe have borne testimony to the benefit of prohibition by forbidding the sale of all intoxicants among their soldiers. We rejoice also in the prospect that in a few more years the white flag of national prohibition will wave from Maine to California and from the Great Lakes to the Gulf. May God speed the day when the liquor traffic shall come to its everlasting overthrow.

By request we reaffirm our statement in the report made to this body last year: "We extend a helping hand and words of encouragement to the law-abiding citizenship of Tennessee who have resolved that open and defiant violation of law cannot longer exist in

the city of Memphis which is largely a Mississippi town." We are informed that the illegal sale of whiskey has become so brazen and defiant in that border city that drunken Negroes and disorderly whites make life intolerable for those leaving the city at night for their homes in this state. The open defiance of law and order in the city of Memphis is a blot on the Volunteer State and its malevolent reflex influences extend into the borders of Mississippi for crime cannot be limited by state or municipal lines.

We urge our officers to see to the enforcement of our newest prohibition law touching the shipment of intoxicants. If express companies and their agents are careful to see that all certificates are properly filled and filed, then the blind tiger will speedily become a thing of the past. The negligence and inefficiency of some of our officers violates their official oath, offends society and lends encouragement to violators of the laws. We recommend that our next legislature make failure to enforce prohibition and other laws a cause for forfeiture of office. We recommend the adoption of the following resolutions:

1. That we commend the Anti-Saloon League in its great work of distributing literature throughout the country and in its valuable aid both in detecting and punishing violators of the law.
2. That we are in hearty sympathy with Dr. T. J. Bailey, the present State League, in his efficient work.
3. We assure the White Ribboners that we are under lasting obligation to them for their invaluable aid in making possible our present prohibition laws.
4. That our pastors and presiding elders are urged to preach at least once during the year on the subject of prohibition and law enforcement.

(Signed) H. C. MOREHEAD, Chm.

Publication Ordered—It was ordered that that part of the above report expressing sympathy with the people of Tennessee in their efforts at law enforcement be sent to the Commercial Appeal for publication.

Collection—Bishop Waterhouse took a collection of \$417.50 for Paine Institute, an institution for the education of Negro youth for the ministry and for useful industries.

Sunday Schools—The Sunday School Board made the following report which was read and adopted:

SUNDAY SCHOOLS, No. 2.

This has been a year of unusual prosperity and progress in our Sunday Schools. The presence of trained workers in the field is apparent. Forty new schools have been organized, with 4,000 new members. The organized classes are greatly increased and the adult department has made splendid and substantial advancement. All these forward steps have been largely due to the faithful and efficient efforts of our Field Secretaries.

The General Conference by its recent legislation has made the Sunday School an effective connectional part of our great Methodism.

We beseech presiding elders and pastors to place the Sunday School assessment upon the Sunday Schools for payment and take the collections and remit promptly to Rev. V. C. Curtis, Treasurer of the new Board, so that we may have funds for field work by March 1, 1915.

We recommend the appointment of Dr. J. W. Boswell as Assistant Editor of Sunday School Literature and also we recommend the appointment of Rev. R. H. B. Gladney as Field Secretary of this Board.

We most earnestly appeal to the presiding elders, pastors and superintendents as well as all Christian workers to make the year 1915 a memorable one in the advancement and efficiency of Sunday School work throughout our bounds.

Respectfully submitted,

J. G. McGOWEN, Chm.

Church Extension—The Board of Church Extension made the following report which was adopted after it had been read:

CHURCH EXTENSION.

We rejoice in the growth of this great arm of our Church. Our people are realizing as never before the importance of Church Extension and they are giving tangible expression to their interest in their contributions. This is shown by the reports of our General Secretary, a paragraph of which follows:

"Last year, the thirty-second of our organized Church Extension Work, was the best in our history. The Eighth Quadrennium, which has just closed, was decidedly the best quadrennium in our history. The amount paid on the Church Extension assessment exceeded the previous quadrennium by \$228,051.52; the amount contributed on specials exceeded the preceding quadrennium by \$54,317.33, and the amount contributed to the Loan Fund Capital of the Board exceeded the amount contributed during the preceding quadrennium by \$78,602.59. The increase in the contributions to the Board's work and the healthy condition of Church Extension interests throughout our connection promise only good for the future. Having had opportunity to study the work of Church Extension in other denominations, I do not hesitate to say that not one of them is in a more healthy and promising state."

But the receipts of your own Board are not adequate to meet the pressing demands that are made upon it by those in real need. The applications at this meeting amounted to \$5,244.00; to meet these demands we had but \$2,801.00.

District Boards of Church Extension.

We call attention to the provision made for the organization of District Boards of Church Extension to carry forward the work in the bounds of the several districts.

Loan Funds.

The General Board has now loaned \$560,582.63. This is an increase over last year of more than \$59,000.00. More people are contributing to this fund than ever before. We ask our pastors to call attention of any one that might be interested in the annuity plan. Many people cannot successfully manage their finances and this is a method by which they receive their dividends promptly and have no worry with the details. The Board pays a good per cent on annuities.

Conference Loan Fund.

Your Board has provided for a Conference Loan Fund known as the "Galloway Loan Fund" which amounts now to \$1,281.37. We invite the attention of those who wish to place their money where it will continue to work after they have passed away.

Literature.

The General Board will be glad to furnish literature to our people free of charge if they will only indicate their desire for it by asking. We ask our pastors to supply themselves with these pamphlets and wall charts and see that they are distributed among their people.

District Conferences.

We again ask that the Presiding Elders give the Church Extension a prominent place on the programs of their district conferences. The board will furnish the speakers to attend these conferences.

American Bible Society—The American Bible Society made its report which was adopted after its reading:

AMERICAN BIBLE SOCIETY.

We have carefully considered the data which have come into our hands this Centennial Year of the Society, and we had hoped that the offering would suitably commemorate its one hundredth anniversary, but it turns out otherwise.

The American Bible Society has had a wonderful history. It began by gifts from a few benevolent individuals and has grown to be one of the regular claimants upon the liberality of the churches. It has published about one hundred millions of copies of the Holy Scripture. The capacity of the Bible House has increased with the years, but the need has increased at an even faster rate.

The growth of our own population, the demands of the mission fields, ever enlarging in scope, have strained the presses to their utmost capacity. The Church has been fortunate in the men who have been called of God to translate the Bible into the many lan-

guages of the world. It is now printed in nearly 800 tongues and in thirty-five languages for the blind. The circulation of the House reaches Europe, Asia, Africa, America, and many islands of the sea. The devastation wrought by the present great war will increase the need of Bibles from our presses and this should be an incentive to our people to contribute more liberally of their means to carry on the work of the Master. We suggest that the pastors take this collection the second Sunday after they reach their charges as the need of funds is immediately imperative. Our contributions the past year were \$724.22 on an assessment of \$1,200.00, which leaves a large deficit, but not so large as we feared under present circumstances. We recommend an assessment of \$1,200.00 for the ensuing year.

(Signed) J. M. WYATT,
JOHN RITCHEY.

Evangelism—The Committee on Evangelism made its report which was adopted as follows:

EVANGELISM.

We have had the subject of Evangelism in our Conference under serious and prayerful consideration. It will be our policy to be conservative in the agencies employed, but to be intensely aggressive in the vital work of saving the lost in our bounds. We do not deem it wise to employ an evangelist at present, but we have directed the executive committee to work out a plan to be submitted later to the presiding elders of the Conference, that we may enlist their co-operation and secure their endorsement. We hope to make each district a center of evangelistic power by securing the help of the strongest ministers and those best adapted to the work, asking that they help those with less experience or those lacking in adaptation to this particular work. This will apply especially to some of our rural charges where Methodism is evidently in great need of awakening.

We are deeply sensible of the need of spiritual awakening all over our territory and we hereby appeal to all—both ministers and laymen—that we may begin now to pray for the baptism of the Holy Spirit upon the entire Conference. We take pleasure in recommending the Rev. W. M. McIntosh to the General Committee for general evangelistic work.

(Signed) W. M. YOUNG, Secretary.

Sabbath Observance—The Committee on Sabbath Observance made the following report which was adopted:

SABBATH OBSERVANCE.

It has been said that the Christian Sabbath, aside from its religious significance, has been the greatest of all agencies in the promotion of civilization. The holy Sabbath, however, is of divine origin and while it produces great citizens and stalwart patriots, it produces conditions that are conducive to the growth and development of the higher impulses of man, whereby his spirit is fitted to become a citizen of the Kingdom of our Lord and his Christ.

It is with regret that we look about us and see the command of God and the laws of our commonwealth so abused in the desecration of the holy Sabbath. It is by obedience only that we can show reverence, regard and respect for God and the righteousness of His

law. If reverent obedience to the law of God, which says that we should remember the Sabbath day to keep it holy, has produced and can continue to produce, clean citizens and upright characters, we shudder as we think of what may be the moral and the religious decay in both personal and national life if the open disregard for the law of God and of state continues to be practiced by our people. We recommend that the members of the Conference, both ministers and laymen, return to their homes and by precept and by example influence both the young and the old to take an open stand to correct the evils which prey upon the Christian Sabbath, and create a public conscience upon this question, which alone makes it possible for officers to co-operate with us in the putting down open violation. We solemnly protest against such vices as interfere with the Sabbath observance.

The United States postoffices in some towns are opened oftener and longer than the law provides which interferes, in a degree, with the work of the Church.

We note also that "joy-riding" among our people has become extremely popular, and it takes many of our people to the creeks and lakes and woods where they spend the day, keeping whole families away from church and the children, especially, away from Sunday School. We call attention also to the practice of reading Sunday newspapers and magazines, filling their minds with the things of the world so completely that there is no time left for meditation.

Six days we are commanded to work and on the Sabbath, to rest;—rest in body and mind and soul. Therefore, let us be diligent in our work and conscientious in our observance of the day of rest, that we may be better, the world uplifted and God glorified in our bodies and spirits, both of which are his.

E. R. SMOOT, for the Committee.

Afternoon Session—On motion, the Conference resolved to meet in afternoon session at 2 o'clock.

District Records—The committee appointed to examine the District Conference Records reported and their report was adopted as follows:

We have examined the records presented to us and find them well and neatly kept. The record of the Aberdeen District deserves special mention for the care taken by the secretary.

We did not have before us the records of the Durant, Holly Springs and Winona Districts.

(Signed) C. W. BAILEY, for Committee.
